10692 Opeil (1981 EK19)

Classification: Main-belt Asteroid **SPKID:** 20010692 **Related Links:** Ephemeris (/horizons/app.html#/?spk=20010692)

Orbit Viewer **[hide]**

For accurate ephemerides, please instead use our **Horizons system (/horizons/app.html#/?spk=20010692)**. This orbit viewer was implemented using two-body methods, and hence **should not be used** for determining accurate long-term trajectories (over several years or decades) or planetary encounter circumstances.

Object **labels not visible?** Increase the font size using the orbit viewer's menu icon ☰ to get to "Settings", then "Label Font Size".

Discovery Circumstances [hide]

10692 Opeil

Discovered 1981 Mar. 2 by S. J. Bus at Siding Spring.

Cyril P. Opeil SJ (b. 1960) is a professor at Boston College studying the thermal properties of meteorites to improve understanding of orbital and rotational changes caused by the re-radiation of solar flux.

REF: MPC batch dated 2017-03-12
